**What's New at MIA**

Passengers:

- Miami International Airport reached a new all-time high for annual passenger traffic in 2011 with 38.3 million passengers and an increase of 7.3 percent over 2010. International passengers led the way with a nine-percent increase over 2010 to 18.4 million travelers, while domestic passengers also surged by 5.8 percent to nearly 19.9 million.

Cargo:

- MIA matched its all-time record of two million tons of freight, which was first set in 2007 before the global recession.

**Airport Improvements**

**Capital Improvement Program** MIA's \$6.4 billion Capital Improvement Program (CIP) is nearly completed, encompassing all aspects of airport operations, from the Terminal and roadways to the cargo facilities and the airfield.

**Terminal:** Extending from MIA's Central terminal, the South and North Terminals have added over 4 million square feet to MIA's existing 3.5 million square feet of space. The new South Terminal is now open and adds 1.7 million square feet to MIA. The North Terminal encompasses more than 3.8 million square feet and its phased completion is in 2012. The North, Central and South Terminals will have a total of 130 gates, with 106 international capable gates and 24 domestic gates. The Terminal will have 618 ticket counters and currently has 121 self-service check-in devices.

**Cargo:** MIA's cargo facilities encompass seventeen (17) cargo buildings with over 2.7 million square feet. Apron space is presently 3.8 million square feet, with 41 common-use cargo positions and 23 leased cargo positions.

**New Cargo Facility – Aeroterm/Centurion:** Construction is underway for a new 895,000 square foot air cargo warehouse/office/hangar/storage facility for the Centurion air cargo group of carriers. The new facility will accommodate 8 Boeing 747-400 widebody freighters. The project is scheduled for completion in December 2013.

**Roadway Improvements**

**Central Boulevard:** To accommodate forecasted growth, improvement programs include: widening of Central Boulevard, new service roads, wider bridges and improved access to parking facilities.

**25<sup>th</sup> Street Viaduct:** Construction of the east phase project was completed in July 2011. The west phase project is expected to commence in January 2012, and will provide a direct connection between MIA's cargo facilities and NW 82<sup>nd</sup> Avenue.

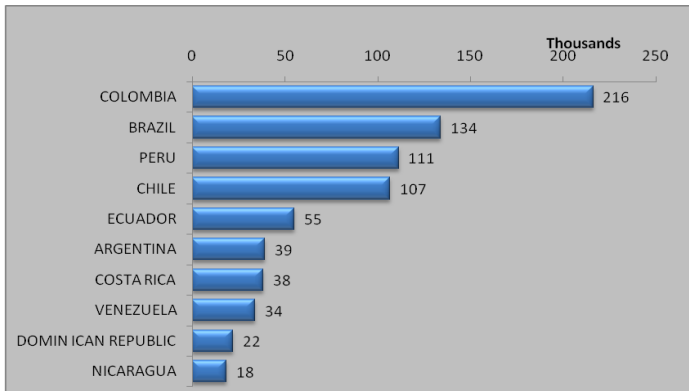

**MIA Mover:** The elevated train that will connect MIA and the new Rental Car Center and the Miami Intermodal Center opened September 9, 2011. The Mover runs through Central Boulevard with the capacity to transport more than 3,000 passengers per hour.

**Rental Car Center (RCC):** The 3.4 million square foot facility opened on July 13, 2010. The RCC consolidates under one roof the operations of 16 rental car companies, with a combined inventory of 6,500 rental cars.

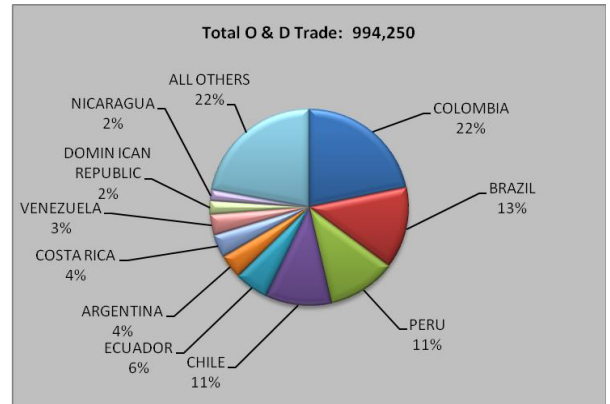

**Miami Intermodal Center (MIC):** Next to the RCC will be the MIC, a massive ground transportation hub being developed by the State of Florida Department of Transportation linking rail, light rail, automobile and bus traffic under one roof.
